

## **Called and Sent Forth**

Marie-Paule, Jeanne, Lorraine and Beverley, in the name of the Sisters and Associates, we thank you for having accepted to form the new Quebec Provincial Leadership team

### **We call you to sow.**

Sow new ideas, new orientations, and new challenges in the Province garden.

-You are called to sow

### **We call you to fertilize**

by your concern to always keep the charism and the call to mission alive in our community groups of which you will be responsible.

-You are called to fertilize

### **We call you to water**

By your attentiveness to each person you will meet individually or in community gatherings for which you will be responsible

-You are called to water.

### **We call you to protect**

the goods and spiritual and material patrimony of the Congregation so that she may use them to serve the Sisters, the Church and society.

-You are called to protect.

### **We call you to prune**

the false needs and desires which prevent our growth and which keep us far from the needs of our present world.

-You are called to prune

### **We call you to foster growth**

knowing that maturity takes time to attain, but knowing that it will come in due time.

-You are called to foster growth.

### **We call you to harvest**

in abundance the fruits of your commitment and to answer to the many needs of the Province and Congregation.

-You are called to harvest.

The following blessing was sung:

May the Lord bless you.

May the Lord protect you in all seasons.

May God's love assist you

From the sowing to the harvesting.

June 20, 2010 - Lisette Boulé SNJM
